Excision/Alteration: Excisions Recommended And Made.

Reason(s) for Excision:

Two excisions are required. The excisions reduce the amount of conduct of a degrading and demeaning nature in the publication under section 3(3)(a)(iii) and reduce the extent to which the publication degrades and demeans women under section 3(3)(c).

The Classification Office notes that the distributor has made the two recommended excisions, but has added an extra scene of 21 minutes, 42 seconds to the feature. The video recording after excision is therefore just over ten minutes longer than the video recording that was originally examined.

Approved components of film after excision:
